# PW90-R-CT: Touchless Water Purification System

## Advanced Purification Technology

Proprietary, multi-stage, reverse osmosis process is certified to industry standards.

## Compact Design

Fits easily on standard counter-tops and underneath standard cabinets.

## Touchless Sensor Activation

Hygienic, touch-free operation.

## 24/7 System Monitoring

Continuous monitoring of system performance and water quality with real-time status displayed on LCD screen and bluetooth compatible service app.

## Anti-Microbial Surface

Anti-microbial additive maintains cleanliness of unit exterior.

## Easy-Access Internal Purification System

Five full-size filters and membranes fit inside and are easily accessible via a side panel for fast installation and easy maintenance.
